

Little Bow Resort

Town Hall Meeting
7:00 PM, March 30, 2026

Town Hall Agenda

Little Bow
Resort

-
1. **Vulcan County Notification of adjacent land use change for AI Data Center & Applicant Submission**
 2. **Creation of LBR Advisory Committee for AI Data Center**
 3. **Proposed Change / Preliminary Design / Location / Distances**
 4. **Potential Pros and Cons**
 5. **Land Use Change vs Development Permit**
 6. **Vulcan County Council meeting and protocols**
 7. **Concerns Heard To date and Recommended Speaking Notes**
 8. **Questions & Concerns**

Notification

Little Bow Resort

NOTICE OF PUBLIC HEARING

VULCAN COUNTY
IN THE PROVINCE OF ALBERTA

PROPOSED BYLAW NO. 2026-007

To be held at 1:30 p.m., April 1st, 2026
Vulcan County Council Chambers

PURSUANT to section 606 and 692 of the Municipal Government Act, Revised Statutes of Alberta 2000, Chapter M-26, as amended, the Council of Vulcan County in the Province of Alberta hereby gives notice of its intention to adopt proposed Bylaw No. 2025-027 being a bylaw to amend Land Use Bylaw No. 2020-028.

The purpose of proposed Bylaw No. 2026-007 is to redesignate portions of E¹/₂ 15-15-21 W4 and Section 14-15-21 W4 containing approximately 350± ha (865± acres) as shown on Schedule 'A', from "Rural General - RG" to "Rural Industrial - RI". The purpose of the proposed amendment is to develop the property in accordance with the provisions of the Rural Industrial Land Use District.

Therefore, take notice that a public hearing to consider proposed Bylaw No. 2026-007 will be held in the Vulcan County Council Chambers at 1:30 p.m. on April 1st, 2026.

Applicant Submission: Rezoning from Rural General to General Industrial

Travers AI Data Centre Campus, Vulcan County, Alberta

Draft updated using Travers master plan inputs | Date: 2026-01-21

Proposed designation and use of the property

Palliser Grid is applying to rezone the subject lands from Rural General (RG) to an Industrial designation (General Industrial intent) to enable development of a hyperscale capable AI data centre campus and supporting utility infrastructure. This submission is provided for rezoning review. Detailed site design, layout, and permit specific studies will be completed at the development permit stage and through applicable provincial and utility processes.

Project scale and development concept

- Site: Section 14 Township 15 Range 21 W4M, approximately 850 acres (approx 344 ha).
- Landowner: Yetwood Farms Ltd.
- Ultimate build out: up to 2,000 MW IT load (planning target).
- Built form: approximately 8,000,000 sq ft (approx 743,000 m²) across approximately 20 to 30 buildings.
- Maximum building height: approximately 12 m.
- Primary access: Range Road 212.

Advisory Committee

Little Bow
Resort

An advisory committee was created very quickly with expertise in land, environmental, engineering and legal to bring a balanced perspective to the LBR community of the pros and cons of the proposal.

Committee members are:

**Trent Kostick
Trent Bessette
Larry Arnason
Alan Duguid**

**Ron Girvitz
Kevin Keyes
Sylvia Farrant**

**Steve Purdon
David Anderson
Rhonda Martin**

Proposed Land Use Change

Little Bow Resort

LAND USE DISTRICT REDESIGNATION SCHEDULE 'A'

FROM: Rural General RG
TO: Rural Industrial R1
SECTION 14 & PORTIONS OF E 1/2 SEC 15, TWP 15, RGE 21, W 4 M
MUNICIPALITY: VULCAN COUNTY
DATE: MARCH 3, 2026

Aerial Photo Date: 2024

Bylaw #: 2026-007

Bylaw #	
2026-007	Legal Land Description: Sec. 14-15-21 W4 & portions of E ¹ / ₂ 15-15-21 W4 Division: 7 Size of rezone (acres): 850 acres; (344 hectares) Proposed Change: Rural General (RG) to Rural Industrial (RI) Purpose: Allow development of Data Processing proposal Servicing: Implications for Water and Power – as presented. Waterbodies or Wetlands: Nearby Travers Reservoir; some small wetlands identified on the parcels. Abandoned Well & Pipelines: Four pipeline RoWs identified.

Submitted by: Alena Matlock – Development Officer
Department: Planning & Development
Approval: Nels Petersen, Chief Administrative Officer

Recommended Action: That Council gives first reading to Bylaw 2026-007.

Very Preliminary Design

Little Bow Resort

Proposed Rezone

13.1 Campus schematic

The schematic below is a simplified representation to communicate phasing and major utility blocks. It is not to scale and does not replace engineered site planning.

Campus Schematic (not to scale)

Phase 1

500 MW IT

4 data halls + cooling plant

Phase 2

500 MW IT

4 data halls + cooling plant

Main Substation

500 kV, 2 GW

Backup Power Yard

Diesel gen full IT load (TBC size)
BESS 2400 MWh (Phase 1, 4 h)

Phase 3

500 MW IT

4 data halls + cooling plant

Phase 4

500 MW IT

4 data halls + cooling plant

Water and Wastewater

Water source: Travers Reservoir
On site WWTP, reuse in cooling

Location

Little Bow Resort

- The attached photo was taken March 29, 2026; slightly overcast. Location is the NE corner of the intersection of Highway 529 and RR 212. This would be the closest point to us if the Applicant was to delete the East ½ of Section 15 from the Application.

Distances From LBR

Little Bow Resort

- 1.45 miles from point of picture taken in the previous slide to the closest corner of our property.
- 1.25 miles from the closest point of the land proposal rezoning to closest corner of our property

Potential Pros and Cons

Little Bow Resort

PROs

- Local farmer Eric Steeves initiating proposal - seems genuine
- Economic boost for area. Up to 1,000 construction workers and 200 during operations (full build out)
- Increased tax base
- LBR Community Benefits Agreement to fund additional LBR infrastructure (i.e. paved road)
- Water to be reused and not circulated back to the lake

CONs

- Proximity to the Travers Reservoir
- Impact to wildlife and loss of recreational enjoyment
- Concerns over degrading property value
- Noise, water, air, light pollution, etc issues are unknown at these times
- Traffic safety and disruption during construction
- Fire egress
- Cumulative effects as this is becoming a large industrial corridor

Land Change from RG to RI

Little Bow
Resort

Please note that the Public Hearing is for the change of the land use from Rural General (RG) to Rural Industrial (RI).

The Hearing does not contemplate noise, water, air, light pollution, traffic, etc. issues – these will be dealt with at the Development Permit stage.

Other Relvant Information

Little Bow Resort

- There are roughly 25 empty lots at the resort
- The total lot count is 252
- We are approximately 90% built out
- It is estimated that LBR has 44 full-time residents and that Lomond has 74
- A resident's primary address needs to be in the county of Vulcan to vote for Councilor

Land Use Change vs Development Permit

Little Bow Resort

Land Use Bylaw Amendment

Development Permit

**Public meetings are held for applications requiring MPC approval. DO may only approve certain discretionary uses.*

Public Hearing

Little Bow Resort

The Public Hearing has been published and advertised as required by law. Now it is a Council matter, and they have a statutory duty (and the power) to proceed. Council has an incentive to approve this as up zoning land usually results in increased taxes, and if the proposed project (in any form) proceeds it will result in a lot of taxes.

In terms of participation:

- **Anyone may attend virtually via a TEAMS meeting link; to obtain the link, send an email request to ea@vulcancounty.ab.ca (or call 403-485-3102) by 4:00 p.m. on March 31, 2026**
- **Virtual attendees may speak only if they have registered in advance; to register, send an email notice to ea@vulcancounty.ab.ca (or call 403-485-3102) by 4:00 p.m. on March 31, 2026**
- **In-person presenters are encouraged to register in advance, but may attend and present even if not registered**
- **Individual speakers will be limited to a maximum of 5 minutes; a group (or anyone representing a group) will be limited to 10 minutes**

Vulcan Meeting Procedure:

Little Bow Resort

-
- Chair will declare the public hearing open
 - Administration will present an overview and summary of the application
 - Applicant may make a presentation but may chose not to
 - Chair will call speakers in the following order:
 - registered in-person speakers;
 - registered virtual speakers; and
 - in-person members who did not register
 - Any Councillor may ask any speaker questions to clarify a point
 - Applicant may make closing comments
 - Administration will respond to questions from Council
 - Chair will close the Public Hearing
 - Council will debate the matter
 - A councillor will move Second Reading or Refusal or tabled
 - A Councillor may move an Amendment to the wording of the Bylaw
 - An Amendment is voted Approved or Refused by a majority vote
 - Chair has a regular vote but not a tie-breaking vote
 - The Bylaw is voted Second Reading or Refusal or tabled
 - The Bylaw is voted Third Reading or Refusal
 - The Bylaw is enacted if it passes Third Reading by a majority

Concerns Heard & Speaking Points

Little Bow Resort

These speaking points are intended to help focus the issues and allow for some consistency amongst speakers. We have available any of the described documents in case any unit owner want to review these documents themselves (Land Use Bylaw, Rural Industrial permitted uses, excerpts from MGA, Public Participation Policy, Public Notice Bylaw, Council Minutes to deny extending notice area)

1. Changing the zoning to Rural Industrial is a significant issue for local landowners, as it directly affects property rights, access, use, enjoyment, and nearby amenities such as Travers Dam.
2. Given the importance of this issue, strict compliance with the notice requirements of the Municipal Government Act is essential. These requirements are not merely technical; they exist to ensure affected parties are informed, can assess potential impacts, and are given a meaningful opportunity to participate in a public hearing. Failure to follow them denies landowners the protections guaranteed by the Act.
3. It is our position that despite meeting the bare minimum notice procedures required by the MGA, the County of Vulcan has not provided sufficient or adequate notice to the affected parties. As a result, this zoning amendment should be denied or, at minimum, adjourned to allow affected landowners adequate time to review the application and present a considered position.

Concerns Heard & Speaking Points

Little Bow Resort

4. The County's failure to provide reasonable notice breaches its own Public Participation Policy, which commits Vulcan County to transparency, accountability, responsiveness, and meaningful public engagement in decision making.
5. Notice of the application was discovered by way of a Facebook post and, later, a posting on the County's website. Landowners learned of the proposal primarily through word of mouth. No direct or alternative notice was provided, resulting in insufficient time to understand or assess the scope and impacts of the proposed zoning change.
6. Reliance on a Facebook post and website notice does not constitute meaningful public notice and is inconsistent with the County's Public Participation Policy. For this additional reason, the proposed zoning amendment should not be approved.
7. We are concerned that Council rejected a motion to extend notification to a two-mile radius at the March 11, 2026 Vulcan County Council Meeting as per the meeting minutes that are posted on the Vulcan County website.

Concerns Heard & Speaking Points

Little Bow Resort

-
8. The proposed Rural Industrial designation fails to meet Section 13 industrial siting requirements, which prohibit hazardous, unsightly, or offensive development within 1.6 km of a hamlet, recreation area, or rural residence. The notice materials confirm this standard is not met, and the application must therefore fail.
 9. For these reasons, the zoning amendment should be denied. Alternatively, it should be adjourned and re noticed in accordance with the MGA and the intent of Vulcan County's Public Participation Policy, providing affected landowners reasonable time to understand the proposal and respond at a rescheduled public hearing.
 10. We are not opposed to development; however, residents are concerned about industrial development in close proximity to the Travers Reservoir, a designated recreational area, and the resulting impacts on wildlife and habitat fragmentation. The proposed change from agricultural to industrial use fails to address the cumulative impacts on water, noise, light pollution, air quality, and infrastructure as this corridor becomes increasingly industrialized. As such, the application is premature and inconsistent with sound land use planning.

Concerns Heard & Speaking Points

Little Bow
Resort

Recommendation:

We encourage as many Owners as possible to attend the Public Hearing at Vulcan on April 1st at 1:30 PM. You do not need to register if you are going in person and you are eligible to speak.

Anyone may attend virtually via a TEAMS meeting link; to obtain the link, send an email request to ea@vulcancounty.ab.ca (or call 403-485-3102) by 4:00 p.m. on March 31, 2026

8. Questions & Concerns

Little Bow
Resort

Open Discussion:

Please remember to be courteous and respectful

Try to be concise and respect all attendees' time so that as many owners can provide their feedback and concerns
